On December 18, Governor Abbott held a call with hospital CEOs and representatives across Texas to discuss the importance of COVID-19 therapeutic antibody treatments in the state's fight against COVID-19. The Governor was joined for the call by U.S. Food and Drug Administration (FDA) Commissioner Stephen Hahn, Centers for Disease Control and Prevention (CDC) Director Robert Redfield, and Texas Department of State Health Services (DSHS) Commissioner John Hellerstedt.

A readout of the call can be found here: <https://gov.texas.gov/news/post/governor-abbott-fda-commissioner-cdc-director-hold-call-with-texas-hospitals-to-discuss-covid-19-therapeutics>

On December 17, Governor Abbott announced that the Texas Division Of Emergency Management (TDEM) has established a COVID-19 therapeutic infusion center in Harlingen to treat outpatient cases of COVID-19.

On December 17, Governor Abbott held a press conference where he provided an update on the statewide COVID-19 vaccine distribution at the UPS Distribution Center in Austin.

By the end of the month, over a million vaccines will have been distributed to a variety of providers including hospitals, health centers, clinics and other medical practices, pharmacies, freestanding emergency rooms, urgent cares, long-term care facilities, local health departments, state hospitals, state supported living centers, and Texas Department of Criminal Justice facilities. Additionally, DSHS will begin reserving doses of COVID-19 vaccine next week for the federal Long-Term Care Pharmacy Partnership. This program will begin the week of December 28th.

On December 14, Governor Abbott visited the White House where he attended a briefing on Operation Warp Speed with Vice President Mike Pence and other state and federal leaders. During the briefing, the leaders discussed the ongoing COVID-19 response and the vaccine distribution currently taking place across the country and in Texas.

On Decemeber 11, Governor Abbott announced that the State of Texas will participate in the Pharmacy Partnership for Long-Term Care Program, a federal program to vaccinate residents and staff of long-term care facilities against COVID-19. The program is free of charge to facilities and sends staff and Pfizer vaccines from partnering Walgreens and CVS locations to these facilities to vaccinate residents and staff who volunteer to participate. Over 1,200 skilled nursing facilities and over 2,000 other long-term care facilities have signed up for this program — totaling more than 225,000 certified beds. The first vaccines included in this program will be provided to pharmacies the week of December 21, 2020, and the program will begin December 28, 2020.

On December 7, Governor Abbott and the Texas Division of Emergency Management (TDEM) launched a COVID-19 Rapid Testing Pilot Program for front line workers at Texas small businesses. This program will help small businesses throughout the state conduct rapid tests on employees to mitigate the spread of COVID-19.

The launch of the pilot program will include six participating Chamber of Commerce organizations with plans to significantly ramp up the program across the state. Small businesses interested in participating in the program may contact their local Chamber of Commerce for more information.

Participating Chamber of Commerce organizations include:

- Amarillo Chamber of Commerce

- Amarillo Economic Development Corporation
- Edinburg Chamber of Commerce
- El Paso Chamber of Commerce
- Laredo Chamber of Commerce
- Lubbock Chamber of Commerce

On December 3, Governor Abbott announced that the Texas Health and Human Services Commission (HHSC) will provide approximately \$204 million in emergency Supplemental Nutrition Assistance Program (SNAP) food benefits for the month of December as the state continues to respond to the COVID-19 pandemic.

On December 2, Governor Abbott announced that the Centers for Disease Control and Prevention (CDC) has made an initial allotment of over 1.4 million doses of the COVID-19 vaccines to the State of Texas for the month of December. These vaccines, which should begin arriving in Texas the week of December 14th, will be distributed to qualifying providers across the state who will administer these immunizations based on the Vaccine Distribution Principles developed by the state's Expert Vaccine Allocation Panel.

On November 24, Governor Abbott announced that TDEM has established a bamlanivimab infusion wing at the state-run alternate care site (ACS) in El Paso to treat outpatient cases of COVID-19. The infusion wing, which began accepting patients November 24, has been provided with 1,000 doses of bamlanivimab through the U.S. Department of Health and Human Services (HHS).

On November 23, Governor Abbott and DSHS announced the guiding principles for Texas' COVID-19 vaccine allocation process, which will serve as a foundation for the state's initial distribution for COVID-19 vaccines expected as early as next month.

Texas will initially allocate COVID-19 vaccines based on the following criteria:

- Protecting health care workers who fill a critical role in caring for and preserving the lives of COVID-19 patients and maintaining the health care infrastructure for all who need it.
- Protecting frontline workers who are at greater risk of contracting COVID-19 due to the nature of their work providing critical services and preserving the economy.
- Protecting vulnerable populations who are at greater risk of severe disease and death if they contract COVID-19.
- Mitigating health inequities due to factors such as demographics, poverty, insurance status and geography.
- Data-driven allocations using the best available scientific evidence and epidemiology at the time, allowing for flexibility for local conditions.
- Geographic diversity through a balanced approach that considers access in urban and rural communities and in affected ZIP codes.
- Transparency through sharing allocations with the public and seeking public feedback.

On November 19, Governor Abbott traveled to Lubbock to hold a briefing with local officials and provide an update on the distribution of bamlanivimab, the Eli Lilly & Company monoclonal antibody therapy for COVID-19.

On November 18, Governor Abbot announced a \$420 million reimbursement program to cover costs incurred by Texas public schools that purchased Wi-Fi hotspots and/or eLearning devices (such as laptops, tablets, and Chromebooks) so students could learn remotely during the COVID-19 pandemic

Since the start of Operation Connectivity, schools in Texas have acquired more than 2 million eLearning devices (such as laptops, tablets, Chromebooks) and more than 800,000 WiFi hotspots — totaling 2.8 million devices and hotspots combined and counting.

On November 11, Governor Abbott deployed additional resources to El Paso and Lubbock to help combat COVID-19 in these communities. These resources include medical personnel, medical equipment, personal protective equipment (PPE), mobile testing sites, and more.

On November 10, Governor Abbott announced that the State of Texas has prepared allocation plans to swiftly distribute medicines and vaccines that are now becoming available to treat COVID-19. The State of Texas has already prepared to distribute the COVID-19 vaccines and medical treatments.

- DSHS has already developed a Vaccine Distribution Plan and is working with health care providers to enroll in their Immunization Program to be eligible to administer these vaccines once available. Over 2,500 providers have already enrolled in the program. DSHS formed an Expert Vaccine Allocation Panel to develop vaccine allocation strategies.
- TDEM is prepared to assist the swift distribution of COVID-19 vaccines and treatments. In late October, TDEM hosted the State of Texas COVID-19 Vaccine Virtual Tabletop Exercise – over 1,000 local, state, federal, and non-governmental organization partners came together to test the state's vaccine support plan, understand its operational procedures, and examine their roles and responsibilities.

On November 6, Governor Abbott announced that the U.S. Department of Defense (DOD) has deployed three U.S. Air Force Medical Specialty Teams to assist the state's efforts to combat COVID-19 in El Paso. Governor Abbott also renewed the statewide disaster declaration for COVID-19.

On November 5, Governor Abbott announced that HHSC will provide approximately \$202 million in emergency Supplemental Nutrition Assistance Program (SNAP) food benefits for the month of November as the state continues its response to the COVID-19 pandemic.

On October 26, as part of the Trump Administration's comprehensive national effort to

fight the COVID-19 pandemic and to assist the nation's Governors in doing so, the U.S. Department of Health and Human Services (HHS) is sending 8,730,000 state-of-the-art Abbott BinaxNOW COVID-19 point of care antigen tests to the State of Texas. The rapid point of care tests, which can diagnose coronavirus infection in as little as fifteen minutes, will be distributed at the discretion of Governor Greg Abbott to support testing K-12 students, teachers, nursing home patients and staff, higher education, critical infrastructure, first responders, and other priorities as he deems fit.

On October 25, Governor Abbott announced that TDEM is establishing an alternate care site (ACS) in El Paso to expand hospital capacity in the region.

On October 24, Governor Abbott held a call with Dr. Robert Kadlec, the Assistant Secretary for Preparedness and Response (ASPR) at the U.S. Department of Health & Human Services (HHS), to discuss hospital capacity needs in the City of El Paso.

On October 22, Governor Abbott announced that DSHS and TDEM are surging additional medical personnel and equipment to the El Paso region to assist with the community's COVID-19 response also Governor Abbott announced that DSHS has secured 2.8 million doses of flu vaccine for the Texas Vaccines for Children Program and the new Adult Influenza Vaccine Initiative.

The Centers for Disease Control and Prevention has provided one million flu vaccines to DSHS which will distribute them through the Adult Influenza Vaccine Initiative to adults who are at higher risk of COVID-19 infection or severe disease. The new program will make the vaccine available for people in certain groups:

- Health care employees, first responders, and other critical front-line workers.
- Staff and patients in long-term care facilities.
- People with underlying health conditions.
- People in racial and ethnic groups disproportionately affected by COVID-19.
- Uninsured and underinsured adults.

On October 16, Governor Abbott announced that DSHS and TDEM have surged medical personnel, medical supplies, and personal protective equipment (PPE) to the Panhandle and South Plains areas to support hospitals in their COVID-19 response. These resources will be concentrated in hospitals in Amarillo, Lubbock and the surrounding areas.

On October 15, TDEM updated the criteria for a county exemption from the Texas Executive Order GA-29 face-covering requirement. TDEM has promulgated the following criteria for a county exemption from the face-covering requirement of GA-29:

- The county must have 30 or fewer new COVID-19 cases during the previous 14-day period.
- The county judge of a county with 30 or fewer new COVID-19 cases during the previous 14-day period must submit an exemption form affirmatively opting out.

- If a county exceeds 30 new COVID-19 cases during a 14 day period, the county judge will be notified via email by TDEM, the county name will be removed from this website, and the county will be required to comply with all aspects of GA-29. After a 14 day waiting period, if the county has fewer than 30 new COVID-19 cases during the previous 14 day period, the county judge will be eligible to reapply for exemption. Visit <https://tdem.texas.gov/ga29/> for more details.

On October 14, Governor Abbott, the Texas Education Agency (TEA), and TDEM announced the creation of a COVID-19 Rapid Testing Pilot Program for Texas school systems. Texas Department of Licensing and Regulation (TDLR):

- TDLR continues to update their website's COVID-19 page (<https://www.tdlr.texas.gov/covid19.htm>) with the latest developments affecting their licensees and the public.
- TDLR has extended their agency's current work from home initiative through January 5, 2021.
- On November 23, 2020, the Texas Commission of Licensing and Regulation passed an emergency rule related to the COVID-19 pandemic. Under this rule, all TDLR licensees with a renewable license that expired between August 1 and November 30, 2020 are considered to hold an emergency license valid for up to 120 days after their license expiration date.
- A searchable database of all emergency licenses is now available here: <https://www.tdlr.texas.gov/emergency-licenses.htm>
- This extra time is to allow those who are waiting for their license to be renewed by TDLR to continue working with a valid license as TDLR navigates workflow challenges brought on by COVID-19.
- Current license expiration dates will not change, and any late fees accrued will not be waived. All licensees should still renew their licenses in accordance with their regular expiration dates.
- TDLR will not issue printed emergency licenses, and licensees are not required to post or display proof of an emergency license. Anyone needing verification or authorization of an emergency license should be directed to this webpage: <https://www.tdlr.texas.gov/emergency-licenses.htm>
